River rescue!

I visit my big brother, Luke. He lives in Arizona, in the USA. We go canoeing together in the most exciting place in Arizona: the Grand Canyon! There is lots of white water in the river today and we go very quickly down the river. This is more difficult than canoeing in a lake!

Suddenly I see a big tree across the river! The canoe turns over.

I swim to the side, but Luke is on an island in the middle of the river.

His arm is hurt. He's cold and tired.

What can I do? Luke can't swim because of his arm. I can't swim to him because it's dangerous.

Then I remember my whistle. We always carry whistles when we go canoeing. I find the whistle and I make the loudest sound I can! I blow six times. That's the emergency signal. Then I hear another whistle! Soon the helicopter is here. It takes Luke to hospital. He's safe!
