The different faces of Johnny Depp

ohnny Depp is an actor from Kentucky, USA. His home is now in Los Angeles, USA, after many years of living in France.

He is nice, slim, but not very tall (1.78 m). His eyes and his hair are dark brown. But Johnny's appearance can vary widely between one film and another.

Take, for example, *Pirates of the Caribbean*,
where Johnny plays Jack Sparrow. In this
film, he is very untidy and has got very long,
dirty, dark brown hair. He wears a white
shirt and a black jacket –or is it a coat?
Then there's *Edward Scissorhands*, in

which he plays the title role. In this film he has got a white face, unlike Johnny's real face, which is normally tan. As Edward, he has got brown eyes, long, dirty, black hair and he can cut lots of things with his fingers

20 (but he can't pick things up very well!). He is very nervous, and not brave at all, and is not friendly to people.

In Alice in Wonderland, Johnny is The Mad Hatter. Here, his brown eyes and hair are replaced with green eyes and bright orange

hair. He is not American like Johnny, but Scottish. The Mad Hatter isn't serious, he's funny!

So Johnny has a lot of experience changing his personality and appearance.
